Run by a male facilitator, The Working Out Dads Group will work on :

- Developing parenting skills and confidence and building positive relationships with your child
- Juggling the needs of your family, work and your own needs
- The changing dynamics of relationships and how to maintain positive adult relationships
- Managing stress and pressure and practical ways to cope when things get tough
- Focussing on the future for you, your child and your family

Working Out Dads is being run as a collaboration between Tweddle and the Murdoch Children's Research Institute. Dads taking part in the program will be asked to complete 3 surveys, 1 before they begin the program, 1 after they complete the program and the final survey 3 months later.
