

Benefits for your practice

- 40 CPD points in the new RACGP triennium
- Opportunity to meet requirements for PIP QI
- PEN CAT training
- Clinical and QI mentors

Help cure hepatitis C

Treatment is no longer difficult – but we need more general practices to lead the way.

There are many people suffering from hepatitis C in your area.
We can help you identify and treat them.

Your general practice can make the difference.

Join a six-month quality improvement activity designed to help practices improve their capacity to identify, screen, treat and manage patients with hepatitis C and to deliver best practice care.

NORTH WESTERN
MELBOURNE

An Australian Government Initiative

Dear Colleagues,

Your practice is in a high-risk area for hepatitis C.

Compared to the other metropolitan Primary Health Network catchments, our region has the:

- **Highest prevalence of hepatitis C**
- **Lowest treatment uptake**
- **Fewest GPs initiating treatment**

The good news? Hepatitis C is curable – and general practice can lead the way.

This Quality Improvement activity will help you meet the requirements for the new Practice Incentives Program Quality Improvement (PIP QI) Incentive.

Eliminate hepatitis C in your practice

***Sign up to this Intensive
Quality Improvement (IQI) Project***

What's in it for your practice?

- **RACGP-accredited CPD activity (previously 40 Category 1 points)**
- **Facilitated learning workshops with subject matter experts A/Prof Joe Sasadeusz and GP, Dr Matt Penn**
- **Develop relationships and receive practice visits from integrated hepatitis C nurses who can provide your practice ongoing guidance and support following the program**
- **Project lead to provide in-practice quality improvement support**
- **Practice support toolkit**
- **Opportunity to share, network and connect with other practices involved in the project**
- **Monthly PEN data reports to track your progress**
- **Structured QI activity to contribute to PIP QI requirements**

Applications close at 5:00pm AEDT on Friday, 21 February 2020. Go to nwmpnhn.org.au/tenders to apply.

Kind regards,
Primary Health Care Improvement Team
