

- **Consider ‘workflow’ suitable for your pharmacy** - Discuss as a team how electronic prescription may be incorporated along with dispensing of paper prescriptions in your day-to-day practice. Ensure the team is familiar with the new process and are informed.
- **Create awareness** - Provide your pharmacy’s details, including email, fax and if applicable, mobile phone number to the local GP practices and any other practices from whom your pharmacy regularly receives scripts. *(A template example has been provided below)*

**Seek Help** - For further assistance there are a number of resources available to you including:

- EMPHN’s webinar recording [Electronic Prescribing Webinar – Update For Dispensers](#)
- The Australian Digital Health Agency’s (ADHA) [Electronic Prescribing – For Dispensers and FAQ](#)
