LGBTIQA+ AFFIRMATIVE HEALTHCARE TRAINING SERIES

for GP's & Healthcare Professionals

LGBTI AGING & HEALTHCARE

Participate in this online training session and:

- Consolidate your understanding of sex, gender and sexuality
- Understand the impact of historical discrimination
- Be introduced to an evidence base of the experiences of homophobia, transphobia, biphobia and intersex prejudice, and their impacts on the health, wellbeing, visibility for older LGBTI people, and barriers of access to care and support as they age
- Discuss frameworks and strategies (including aged care legislative reforms) to improve cultural safety for LGBTI consumers and staff

SESSION DETAILS:

Date: Tuesday 9th March

Time: 6pm - 8pm

Cost: Free
