

# Primary care identification and management of thrombosis with thrombocytopenia syndrome (TTS)

For general practitioners

We invite GPs to join this webinar on the identification and management of thrombosis with thrombocytopenia syndrome (TTS).

## Event details

Thrombosis with thrombocytopenia syndrome (TTS), also known as vaccine induced thrombosis and thrombocytopenia (VITT), is due to an immunological response to the AstraZeneca COVID-19 vaccine resulting in a pro-thrombotic state and low platelets.

## Guest speaker

**Dr Scott Parsons** – GP Clinical Editor, HealthPathways Melbourne

**A/Prof Nigel Crawford** – Director SAEFVIC (Victorian Vaccine Safety Service)

**Dr Anita Muñoz** – Chair, Victoria Faculty RACGP

## Learning outcomes

- Identify thrombosis and thrombocytopenia.
- Describe the management of TTS and appropriate referral pathways.
- Discuss with patients the risks of TTS following AstraZeneca.

## Event details

**Date:** Wednesday 30 June 2021

**Online:** ZOOM registration link [here](#)

**Time:** 6.30-8.00pm

**Enquiries:** Josie Terron 9046 0300 or [events@emphn.org.au](mailto:events@emphn.org.au)
