

# ***Have you identified a vulnerable group that is not accessing the COVID-19 vaccine?***

**NWMPHN is seeking expressions of interest from general practices, pharmacies, local government, other healthcare providers and community support organisations for a number of grants.**

This is a short term, specifically targeted activity, that will operate from November – December 2021. NWMPHN is targeting LGAs and priority populations, however we also invite submissions for other areas and populations where you identify a specific vulnerable group with low vaccination rates.
