

CANCER SCREENING RESOURCE KIT FOR PRIMARY CARE

1. GENERAL CANCER SCREENING
2. BOWEL SCREENING
3. BREAST SCREENING
4. CERVICAL SCREENING
5. ABORIGINAL AND TORRES STRAIT ISLANDER CANCER SCREENING
6. ENGAGING WITH UNDERSCREENED COMMUNITIES
7. CPD EDUCATION

This resource kit was developed in collaboration by the following partners:

1. GENERAL CANCER SCREENING

<p>Cancer Screening Hub Information on the three national cancer screening programs and eligibility, ways to improve screening, and patient resources.</p> <p><i>Cancer Council Victoria</i></p> <p>https://screeningresources.cancervic.org.au</p>		
<p>National Cancer Screening Register (NCSR) Information for healthcare providers The NCSR allows health care providers to access patient cervical and bowel cancer screening data in real time. This is done through the Register's Healthcare Provider Portal or integration with clinical software.</p> <p><i>National Cancer Screening Register</i></p> <p>https://www.ncsr.gov.au/information-for-healthcare-providers/</p>	<p>HealthPathways HealthPathways is a free web-based portal for use by clinicians at the point of care and to access evidence-based, locally accessible patient pathways.</p> <p><i>Primary Health Networks</i></p> <p>https://vtphna.org.au/care-pathways-and-referral/</p>	<p>Optimal Cancer Care Pathways The optimal cancer care pathways (OCPs) map the patient journey to promote quality cancer care. The resources identify critical points along the care pathway and the recommended care at each point.</p> <ul style="list-style-type: none"> • Aboriginal and Torres Strait Islander Optimal Cancer Care Pathway • Breast Cancer Optimal Cancer Care Pathway • Colorectal Cancer Optimal Cancer Care Pathway • PACED (Implementing Pathways for Cancer Early Diagnosis) resources <p><i>Endorsed by the National Cancer Expert Review Group, Cancer Australia, Cancer Council Australia, and the Australian Health Ministers Advisory Council</i></p> <p>https://www.cancervic.org.au/get-support/for-health-professionals/optimal-care-pathways</p>
