

Urgent Care Clinic

When you need urgent healthcare now, but it's not life-threatening, help is available.

Victoria's Urgent Care Clinics will provide you with healthcare when you need to see someone now. This includes treatment for:

- infections and fevers
- cuts and burns
- fractures and sprains

Urgent Care Clinics are free for everyone. You do not need a Medicare card, an appointment or a referral from your GP.

Open 7 days a week, early to late, Urgent Care Clinics help Victorians to get urgent care faster. They keep our busy emergency departments free for those who need emergency care for life-threatening conditions.
