## CPD Hours for HealthPathways Use

### About Continuing Professional Development (CPD)

From 1 Jan 2023, the Medical Board of Australia (MBA) requires all medical practitioners (except those who are exempt) to:

- create a performance development plan.
- undertake 50 hours of CPD per year. This includes:
  - 25 hours of performance review and measuring outcomes (no less than 5 hours per category).
  - 12.5 hours of learning/educational activities.
  - 12.5 hours of free choice.

By 1 Jan 2024, all medical practitioners will need to have identified a CPD home. This is typically their Australian Medical Council (AMC) accredited specialist college:

- [RACGP](#)
- [ACRRM](#)
- [AMA's CPD Home](#)

Specialist colleges may have additional requirements to those set by the MBA, e.g.:

- RACGP requires practitioners to complete a CPR course every 3 years.
- ACRRM requires practitioners to complete an advanced life support (ALS) course every 3 years.

### Using HealthPathways for CPD

HealthPathways is a source of contemporary and practical clinical information, localised to the geographical region of the medical practitioner. Application of knowledge contained within pathways to the individual patient provides an opportunity for reflection upon current understanding of the patient's clinical condition, and how it may be improved.
